The dogs then took up the trail again going to the home of Walter Vicks, who was not at home, but appearing later was arrested. On being questioned he replied he knew nothing of the robbery. ## Will Probably Burn Coke.

It is now reported that orders have been received at Victoria from the T. C. I. & R. R. Superintendent, Capt. G. H. Crozier, to hold the ovens in readiness to burn coke. This is gratifying news to those residents of that place who depend on the operation of the ovens to a large extent.

## MUST HAVE THAT ROAD.

We are informed by G. W. Alder, of near Oak Grove, who was in the city Monday, that the people of his district and that neighborhood are much exercised over the report that the road commissioners will insist on making the proposed pike leading to Chattanooga go up the mountain at Looney's Creek instead of via Inman, as mentioned in the Act, and hence it was supposed would go up Ketner's Cove. Argument is strongly urged that the latter route would be preferable as being the most direct route considering the wants of the rest of the county, and practically the best. In addition to making the distance from other important places in the county outside of Whitwell further removed from Chattanooga, as is claimed, it would depart from the letter of the Act. It is said one of the commissioners is responsible for the statement that the Looney's Creek route would be taken which has caused no little excitement, and quite a number are reported as being turned against the measure.

## IMPERFECT DIGESTION.

Means less nutrition and in consequence less vitality. When the liver fails to secrete bile, the blood becomes loaded with bilious properties; the digestion becomes impaired and the bowels constipated. Herbine will rectify this; it gives tone to the stomach, liver and kidneys, strengthens the appetite, clears and improves the complexion, infuses new life and vigor to the whole system. 50c a bottle. ## ST. JOHN ADDRESSES UNCLE JOE ON ORPHANAGES.

Uncle Joe asks if it is more charitable to contribute to the orphanage at Nashville than to the orphans of Whitwell, to which we reply, "Well, no, Uncle, but there are people that wouldn't give a copper to support poor little orphan children or other unfortunate persons that are cast upon the mercies of a cold and cruel world if it was not to be seen of men and they were asked to contribute by some D. D. in a large congregation. It is amusing to see how liberal those pharisees are when in the presence of a large congregation of people. They are wonderfully liberal then. After the service should some little orphan child in tattered garments clad call upon them for help at their home or place of business 90 per cent. of these characters would look upon them with a scornful eye. We are aware that such people frequently have on hand ready cash when they expect to be called upon in public to give to benevolent purposes. So did Judas carry the bag (St. John 13, 29 & 12, 6) but he was not as good as the other disciples. We are told in Mark 12, 41-44 that Jesus once sat over against the treasury and many that were rich cast in much and that a certain poor widow came and threw in two mites, which make a farthing which is a fourth of a penny. Jesus said she cast more in than all they who cast into the treasury for all they did cast in of their abundance, but the poor widow of her want did cast in all that she had even all her living. From this example of the widow we learn the sublime fact that to give willingly, freely and ungrudgingly to a noble cause of our want, that is when we actually need what we contribute, is truly a well pleasing and acceptable sacrifice to God and it shows the love that the contributor has for God's cause. How great is such love.

The reason why people are not blessed in giving is only because they give like the rich that Jesus saw casting into the treasury of their abundance, not of their want. Therefore what they gave was truly not a real sacrifice and was not pleasing to God. "The sacrifice of the wicked is abomination, how much more when he bringeth it with a wicked mind." Prov. 21, 27. Salvation is not of works lest any man should boast but of God. To honor God with our substance and with the first fruits of all our increase is a religious duty. Prov. 3, 9. If a religious duty it should be indulged in as part of the service of God for we honor him in the act if we rightly engage in it. Will here relate the story of a deaf and dumb man who stopped overnight with us once. He and I drifted into correspondence as it

was the only means of communication. We did everything we could to make the unfortunate man happy. He told us that when he first began traveling that he decided to call upon the well-to-do people for help thinking they were more able financially to be charitable and would be so, "but," he said, "after going hungry for several days I concluded to call upon the poor. I found I fared better."

"In this world," continued he, "it is the poor that befriend the poor, and my past experience has taught me never to expect anything in the world from those who are well to do."

When I read what the poor unfortunate man had to say it touched my sympathy for I well knew that it was every word truth. We did not hesitate but went and got what little money we had on hand and gave every cent of it to him, not wanting or expecting to receive as much again but to my surprise before night came we received the same amount in an unexpected way. We never lose what we give, but what we keep.

A few more words to Uncle Joe on the Orphan's Home at Nashville, and we will close. If he as any one else knows of any poor little orphan children write to W. C. Golden, of Nashville a letter and he will see that they get a home, and are provided for. There is a home there for them and all they have to do to get it is to go or be sent. Let us all strive to make others happy.

ST. JOHN.

## Regina Music Box.

Mr. G. Sherman has purchased a very fine Regina music box and Friday evening treated a number of his friends to a concert. He has a fine selection of standard music and it was certainly a treat to listen to the silvery tones of the instrument, which is a mechanical wonder. Among those enjoying the treat were Mr. and Mrs. W. R. Thomas and daughter, Grace, Misses Mathilde and Lydia Gustafson, Louise Hill, Agnes Milbrandt, Nina Randle and Messrs W. C. Hill and W. S. Pryor.

Regina music boxes are quite expensive affairs, but in listening to the music they produce the matter of cost is not thought of and only admiration expressed.

Those who heard it were delighted with it, and Mr. Sherman may well be pleased with his investment which will afford him much pleasure.

The annual meeting of the stockholders of the Handle Works will be held at their office in Sequachee today.
